

### **What is it like to work at Watkins & Tasker Veterinary Group?**

“It is a fun place to work, with people who are 100% committed to working hard to produce a great service for the customers and their colleagues alike. I find everyone to be very helpful and I do feel cared for and appreciated.” **Insurance Administrator Jude**

“I've had a really good experience with starting to work here. It's especially great seeing how close knit the team are and watching everyone work together so well. I have been made to feel really welcome and been involved right from my first day.” **RVN Talia**

“One major selling point about working here (that I'm loving!!) is that the Management Team care about making sure we don't overwork ourselves. From my experience, things like being able to leave on time, and getting time back in lieu when that's not possible, are pretty unheard of elsewhere!”  
**Vet Louise.**

“I love having time to research, prepare and work up my own cases. I would say it's one of the major things I've found since being here. It is great having time to follow through on everything and not drag it over from day to day!” **Vet Hannah**

“Everyone at Watkins & Tasker is so friendly and welcoming, everyone is always willing to help and there is no such thing as a ‘stupid question.’ One of the main things I noticed when I started was how keen and willing the management team are to continue your development.” **PA Gina**

“I love working at Watkins & Tasker Vets because the team feels like one big family and we always look out for each other! I also absolutely love speaking to our clients and of course all the fluffy and scaly cuddles!” **Receptionist Bex**

“I love being part of a team that strives for excellence in all that they do and where all patients are treated with care, kindness and respect.” **Vet Katy D**
